

When Love Hurts

Is something wrong with....me?
with....you?
I wish I knew
Please just tell me what to do...

Is something wrong with my luck?
Am I just lousy, oh so lousy, at love?
I wish I knew
Please just tell me what to do...

Maybe it's my family's shame
Maybe it's yours who are to blame
I wish I knew
Please just tell me what to do...

Who can I fault when it travels on -
All the blame
the pain
the shame
the wrong?

Will it be my fault or yours?
Who's to blame - mine or yours?
Is it bad luck or cruel fate?
I wish I knew
Please just tell me what to do...

Can I lay aside the blame?
Can I abandon thoughts of shame?
As I've chased elusive answers
Looking for what I need to do
I wonder if there might be something more for me
Than just a helpless expectation
Someone needs to tell me what to do
Please just tell me what to do...

Do you feel lucky or lousy at love?

It's a "know" brainer...the physiology of addicted love

Key Terms

Synapses

Axon

Neurotransmitters

Dopamine/serotonin/GABA/glutamine

Mesocorticolimbic tract

Prefrontal cortex

Parietal lobe

Midbrain structures - basal ganglia, the lateral habenula, ventral tegmental area, and the raphe nuclei

Fasciculous retroflexus

Hydroxyl free radicals

*Praise the Lord, my soul;
all my inmost being, praise his holy name.
Praise the Lord, my soul, and forget not all his benefits—
who forgives all your sins
and heals all your diseases,
who redeems your life from the pit
and crowns you with love and compassion,
who satisfies your desires with good things
so that your youth is renewed like the eagle's.*

Psalm 103:1-5
